

W U T I S

The leading finance society in Austria – Society Overview

August 2020

Our vision

A platform enabling students to grow and extend their knowledge about finance and beyond

#1 recruiting platform for finance in Austria

A renowned student society whose members have truly made the leap into finance and helped shape our brand

Learning society

Accelerating the development of hard- and soft-skills of our members, combining theory with a hands-on approach and real-life case studies

Pushing club culture

Facilitating the process of actively breaking into one of the world's most thrilling and competitive industries

Networking

Providing a networking platform and a strongly connected international alumni network

Partnerships with leading investment firms

Enabling members to take part in company events and case studies, and provide internship opportunities through our broad range of corporate partnerships

“Rendering Vienna an attractive city for recruitment in finance by closing the gap between academic theory and practice – thus attracting leading investment firms to explore the outstanding capabilities of our members”

Our Management

Ensuring smooth sailing & continuous development of our society and its members

Our divisions

The Chief Investment Office, Trading and Equity Research serve as our core educational pillars

Chief Investment Office

Top-down

- In-depth analysis of political and economic developments
- Quantitatively-driven top-down approach focused on cross-asset interplay
- Publication and presentation of market research to assist ER

Trading

Discretionary & systematic

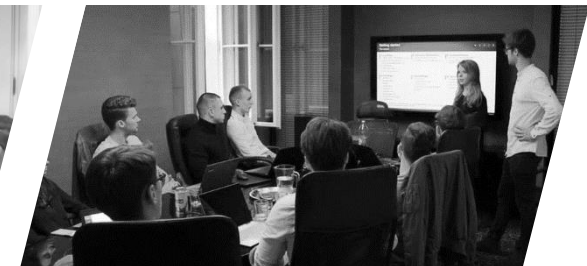

- Discretionary strategies based on price action and sentiment
- Development of various trading ideas using derivatives
- Implementation and backtesting using R and Python

Equity Research

Bottom-up

- Analysis of individual companies based on their fundamentals
- Financial modelling and analysis through DCF, CTA, SOTP...
- Publication and presentation of equity research reports
- Pitching of analysis in front of an investment committee

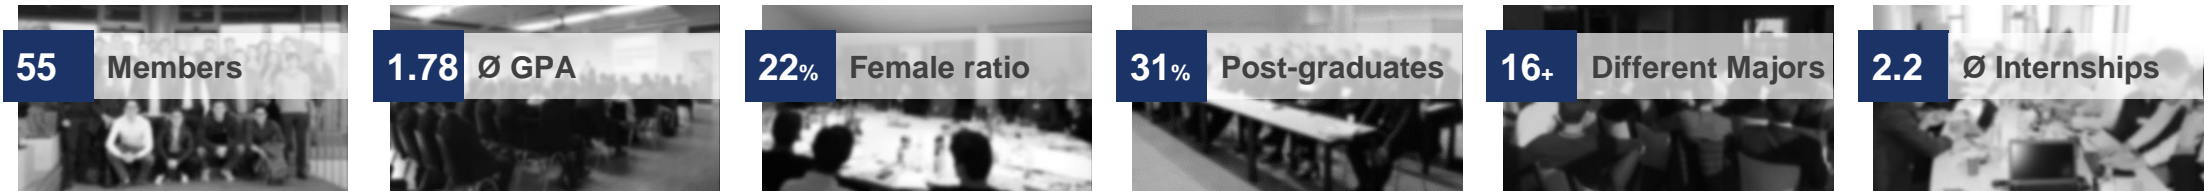

Member Statistics

A broad range of academic majors, diverse backgrounds & work experience at reputable firms

Key ratios & figures

Strong academics, coupled with relevant work experience, balanced between backgrounds & (under-) graduates

Our partners, current & past employers

Internships and full-time positions at renowned & leading financial institutions, funds, advisories, consultancies & non-finance related firms

Our recruiting process

A highly selective framework facilitates the recruitment of Vienna's brightest students
